COUNTY DOCTORS PLEDGE SUPPORT

Hospital Medical Staff Perfected
at Meeting on
Friday.

ALL PRESENT BUT TWO

Best Possible Service to Each Pa-
tient. Determined to Aid Speeding
Up \$100,000 Campaign.

A meeting that is destined to
prove of great value to the Annie M.
Warner hospital \$100,000 drive was
held in the Court House, Friday af-
ternoon at 3:00 o'clock, when the
Medical Staff of the hospital convened
to perfect their organization.

The Medical Staff of the Annie M.
Warner hospital is composed of all
the physicians in Adams county and
as splendid evidence of the popularity
of the hospital drive among them
every doctor was present with the
exception of two from the extreme
end of the county.

During the greater part of the
meeting the physicians discussed the
by-laws of their organization which
were formed to give the best possible
service to each patient and neglect
none. The by-laws include mention
also of courtesy among members of
the medical profession and that each
man shall work unselfishly for the
interests of the community.

As a result of the meeting it is now
the duty of each physician of Adams
county to signify their preference as
to the different branches of the pro-
fession. Skilled men must be pro-
cured for the surgical, medical, x-ray,
ear, nose and throat, and the men
in charge will endeavor to place each
doctor in the branch of his choice.
As explained by one of the physi-
cians, however, each man will serve
only a limited time in one depart-
ment and will then change in order to
give every doctor opportunity to serve
in every department of the hospital.

Discussion of their duties as mem-
bers of the medical staff did not take
up the entire time of the meeting,
however, as before they left the
Court House the physicians pledged
their unanimous support to back the

Acorn Club Cleared About One Hun-

Presenting vivid testimony that the
popular art of dancing in company
with as worthy a cause as the hospital

three hundred persons struggled
around Glatfelter Hall, Friday night,
while dancing to the strains of the
College Orchestra.

The dance given by the Acorn Club
for the benefit of the Annie M. Warner
hospital was a great success in every
detail and the committee estimates
that about \$100.00 will be cleared
for the endowment fund.

People were present not only from
Gettysburg but from Emmitsburg,
Biglerville, Littlestown and other
nearby towns.

TALK THRIFT AND HOUSING DRIVE

Chamber of Commerce Direc-
tors Talk of Savings And
Loan Association.

HOUSES MUST BE BUILT

Go on Record as Supporters of Bond
Issue to Pave Streets. Will Boost
Health Exhibit. New Members.

Believing that there will be a short-
age of at least one hundred houses in
Gettysburg on April 1 despite the
fact that a number of dwellings are
in the course of construction, the
directors of the Chamber of Com-
merce at their regular monthly meet-
ing Friday night discussed the or-
ganization of a savings and loan as-
sociation for the purpose of assist-
ing citizens of Gettysburg to build
and own their own homes.

While the idea advanced by several
members met with general approval it
was decided to secure more complete
details before taking any definite
action. The plan involves a housing
and thrift campaign for the purpose
of "providing relief to the present
housing shortage, to promote
thrift, to offer a splendid investment
on easy payments."

There is no doubting the fact that
Gettysburg needs more houses and
the Chamber believes that the growth
of the town industrially and as a
community will be seriously retarded
unless some progress is made to re-
lieve the present housing situation.
The plan considered by the Chamber
is now in successful operation in
Reading and is believed in that city
to be the greatest organization of its
kind for general stability that has
ever been attempted.

Declaring that the bond issue that
will be placed before the voters of
Gettysburg during the winter must
be passed, a committee was appoint-
ed to frame a resolution urging every
citizen who wants to see the town
progress to support the project to
the limit.

It was also decided to boost and
to do everything possible to help the
Children's Welfare Exhibit which is
to be held in Xavier Hall, December
2 to 6 under the auspices of the
Adams County Red Cross.

In an effort to encourage loyalty
to the town and to tell strangers of
the opportunities offered, the adver-
tising and publicity committee was
instructed to have attractive signs
and placards printed and posted in
the town and along the roads leading in-
to it.

Four new members were elected to
the Chamber as follows: Clyde D.
Berger, Gettysburg National Bank,
E. L. Strasbaugh and Samuel Robin-
son.

present.

After the dinner, which consisted
of chicken soup and crackers, Vienna
rolls, celery, pickles, cold slaw, ap-
ples, ice cream and coffee, the follow-
ing program was rendered: "Relation
of the Father to the Son," Rev. F.
S. Tholan; "Reminiscences," W. E.
Kapp, in which he recited a poem,
"Farmer John," learned forty years

HIGH CELEBRATES GREATEST SEASON

Parade and Build Bonfire. Hun-

For 1920.

The well-known and justly-famed
"Mr. Friday Night" was out in all his
glory Friday night when a large ma-
jority of the student body of Gettys-
burg High School participated in a
parade held in honor of the football
team. The parade was led by the
Broom, a former High School football
star now performing in the same ca-
pacity for the College eleven. Cheer-
leader, Donald Weikert, led the
master of ceremonies. The football
team will have some big times this
winter as everything from parades,
banquets, parties, up to football sou-
venir jewelry has been promised them.
The football season was officially
brought to a close Friday afternoon,
when the team had a meeting and
elected George Hunter, the star left
half back, captain for next year.
Group, and individual pictures were
taken of the players and then the re-
unions were held in to Coach Rey-
nolds thus ending the last chapter of
the 1919 football season.

MEDICINE STORE OPENS

G. Ross Shuman, Now of Gettysburg,
is Manager.

With the opening of the Stephens
Medicine Store at 34 Baltimore street
to-day another improvement is added
to Gettysburg.

Contrary to reports first circulated
here the store is not a branch of any
Carlisle store but is controlled by G.
Ross Shuman, formerly of Harrisburg
and now a resident of Gettysburg.
W. C. Stephens, of Carlisle, is here
temporarily, however, until the busi-
ness gets underway.

Toilet preparations and candies are
included in the stock of the drug
company which also has the agency of
the United Cigar stores. A soda foun-
tain is expected to be opened soon af-
ter Christmas.

Donald Weiser, of Gettysburg, a
senior at High School, has been en-
gaged as clerk to assist Mr. Shuman.

(By Associated Press)
Washington, November 22—Sec-
retary Tumulty issued a statement to-
day emphasizing the fact that no
breach had occurred between Presi-
dent Wilson and Senator Hitchcock.
He characterized the latter's leader-
ship in the treaty fight as "masterly"
and "satisfactory to all friends of the

The secretary also denied that the

DIPHTHERIA NOW RAGING IN STATE

Dr. Bruce McCreary Addressed
County Health Officers Fri-
day Afternoon.

EXPLAINED NEW LAWS

Diphtheria Contacts Must Take Im-
munizing Dose of Antitoxin. New
Stations Established.

Speaking before a meeting of nine
health officers of Adams county called
by Dr. C. G. Crist, Friday after-
noon in the State Dispensary on Bal-
timore street, Dr. Bruce McCreary,
of Shippensburg, former Lieutenant
Colonel in the United States Army
and now supervising medical inspec-
tor for Adams, Fulton, Cumberland
and Franklin counties, warned the
authorities to be on the lookout for
diphtheria cases as an epidemic which
has reached great proportions is rag-
ing in the State.

"There are now 1932 cases of dipht-
heria in Pennsylvania," Dr. Mc-
Creary said, "and State officials are
greatly alarmed because it seems to
be spreading rapidly. Although there
is only one case in Adams county
Colonel Martin, head of the State De-
partment of Health, advises that
more stations where free antitoxin
can be distributed be established in
this section as a preparatory measure
in case of a serious outbreak."

Explanation of the new State health
laws regarding immunizing doses of
antitoxin had to be in cases where
anyone has had contact with a person
suffering with the disease was em-
phasized by the speaker and was the
main topic of discussion among the
local authorities after the meeting
for they realize there will objections
on the part of some and that they
will have to be especially watchful to
prevent violations of the act.

Dr. McCreary said that in a con-
ference with Colonel Martin during
the week, the chief had explained
that every case of diphtheria treat-

D'ANNUNZIO IS AGAIN RAMPANT

Is Determined to Annex Dalma-
tia And Attack
Montenegro.

(By Associated Press)

London, November 22—The situa-
tion in the Adriatic as a result of
Gabriele D'Annunzio's campaign has
reached a crisis. Private advices
leave no doubt that he is determined
to annex Dalmatia and attack Mon-
tenegro.

The Jugo-Slavs are stated to have
concentrated their troops and to be
prepared to resist aggression. An-
other report says there is a republic-
an underground being directed
against the Italian government exist-
ing among the D'Annunzio forces.

It is stated that further aggression
by D'Annunzio precipitated hostility
with the Jugo-Slavs, who, however,
it is declared, will direct an attack
against D'Annunzio and not against
the Italian government.

D'Annunzio, it appears, has been
led to further efforts by the fact that
the Italian elections were unfavorable
to his cause. Many adventurers are
flocking to his standards, the report
says, and among a certain element
there seems to be a desire to make
him president of Italy. Late reports
from Rome says the Military Party
favors the annexation of Dalmatia
and has brought such strong pres-
sure to bear upon the government
that the situation is delicate.

CITIZENS SPEAK AT BIGLERVILLE

Community Betterment Theme
of Parent-Teachers' Meet-
ing Friday Night.

Discussions tending toward the bet-
terment of the community of Bigl-
erville were made by many promi-
nent citizens of that town at the most en-
thusiastic Home and School League
meeting of the year which took place
in the High School building on Fri-
day night.

Speaking on the subject, "Care of
the Teeth," Dr. M. T. Dill said that
milk teeth and the six year old
molars need the greatest amount of
attention. Only twenty per cent of
the people in the world visit dentists
to have their teeth inspected, said the
doctor, and thousands of others die
before they should on account of bad
teeth.

Mrs. E. D. Heighes, Professor H.
E. Swartz and Mrs. G. W. Koser
spoke about courtesy and emphasized
that children should have more re-
spect for older persons. W. H. Lady
said that courtesy was the foundation
of business and social success. M.
C. Thomas urged better conduct of
the Biglerville children in going to
and from school and stated that cour-
tesy often wins kindnesses. Miss
Eva Deardorff spoke briefly on the
same subject and then C. L. Long-
dorr defended the Biglerville child-
ren by saying he believed their con-
duct was as good, if not better, than
children in many other places.

John Seasey talked of system and
economy in the care of property and
said that wealth of a community de-
pends on such care to a large de-
gree.

Professor Swartz asked for the co-
operation of parents in sending their
children to school regularly and
pleaded for care and guidance in the
homes.

Piano solos by Maybelle Lady, and
Edna Ulrich, recitations by June
Bigham, Dale Miller and Marion
Baughner and a favorable report of the
Visiting Committee was also includ-
ed in the program of the evening.

CONFERENCE OPENS

Large Attendance Expected at Re-
formed Mass Meeting To-Night.

Owing to inclement weather only a
small group of persons attended the
opening session of the section con-
ference of the Reformed Church For-
ward Movement which took place in
Trinity Reformed church, High and
Stratton streets, this morning.

Rev. A. S. Dechant, of Hanover,
addressed his hearers on the subject,
"The Challenge of Our Times", and
"The Strengthening of our Educa-
tional Institutions and Ministerial
Support."

More persons turned out for the
afternoon session which commenced
at 1:45 o'clock but the largest audi-
ence of the entire conference is ex-
pected to-night when a mass meeting
attended by Reformed members from
all parts of the county will take
place.

HEALTH EXHIBIT AND BABY SHOW

Demonstration Will be Held in
Xavier Hall, December
2 to 6.

TO WEIGH ALL CHILDREN

Open Morning, Afternoon and Even-
ing. Lectures Tuesday and Thurs-
day Nights. No Admission.

As a part of the nation-wide cam-
paign in this country to improve the
physical condition of children a
Health Exhibit will be held in Xavier
Hall from December 2-6 under the
auspices of the Gettysburg chapter
of the American Red Cross.

Starting on Tuesday morning of
that week and continuing until Sat-
urday, every child in Gettysburg be-
longing to grade schools from the
first to eighth inclusive, will be tak-
en to Xavier Hall to be weighed and
measured by the Red Cross workers
under the supervision of the child's
teacher. High School students will
not be required to undergo the weigh-
ing and measuring process but can
avail themselves of the opportunity
if they desire. On Saturday morning
of that week any Gettysburg child
under six years of age will be
weighed if brought to the Health Ex-
hibit.

As the morning hours will be taken
up to a great extent by care of the
school children there will not be much
chance for visitors to be entertained
but in the afternoon the Health Ex-
hibit will be open to the general pub-
lic whom the committee earnestly
hopes will go to Xavier Hall in
great numbers in the afternoons and
evenings to inspect the work that
will be carried on.

Mrs. Elsie Singmaster Lewars is
chairman of the committee in charge
of the Health Exhibit which includes
Miss Anna Reck, Mrs. William
Hersh, Mrs. C. B. Stover, Miss
Helen Cope, Mrs. and Mrs. W. Ray-
mond Shank, Mrs. H. T. Weaver,
Mrs. William Arch McClean, Mrs. H.
T. Cunningham, Mrs. Donald P. Mc-
Pherson and Miss Mary Himes.

Miss Bess McAllister, local rep-
resentative of the State Agriculture
Board, is making initial plans for the
Health Exhibit which include secur-
ing two trained nurses to aid in car-
ing for the children and arranging
for model lunches and meals which
will be prepared by the Domestic
Science pupils of the High School.

The Health Exhibit is not alone for
the children as the committee has ar-
ranged for two lectures to be given
on Tuesday and Thursday nights by
Dr. Miller and Dr. Gans, of the
State Health Board.

There will be no admission charged
to the lectures or any other parts of
the Health Exhibit as the expenses
amounting to \$600 will be borne
jointly by State College and the state
health board.

MEET MOUNT ST. MARY'S

College Plays Second Home Game of
Year This Afternoon.

Five new faces will appear in the
Gettysburg College line-up when the
team opposes Mount St. Mary's on
Nixon Field, this afternoon at 2:30
o'clock. Davis, the diminutive quar-
terback who started against State Col-
lege, McDowell, Weigle and Bright
will in all probability be the choice
of Coach Wood to play against the light
but hard fighting mountaineer team.

Victor Emanuel, star right end,
will not start a game for the first
time in his college career as the
coaches want to see Shetter and Kyle
in action.

The object of the change is to give
an opportunity to capable substitutes
who may develop into regulars next
year.

As far as the Varsity backfield of
Moyer, Houtz, Phillips and Bream is
concerned all they hope for is an op-
portunity to battle Franklin and Mar-
shall at Lancaster on Thanksgiving
Day in order to avenge the Bucknell
defeat.

ONLY SERVED TO WIDEN BREACH

Operators Not Satisfied With
Proposal of Secretary
Wilson.

TERMS ARE CONFIDENTIAL

Operators Make No Formal State-
ment. Last Few Words Will be
Said, Declares Brewster.

(By Associated Press)

Washington, November 22—Bi-
tuminous coal operators in the cen-
tral competitive field declared to-
day that Secretary Wilson's proposal
yesterday only served to widen the
breach between the operators and
miners.

"There are only a few more words
to say and they will be said very
soon," declared Thomas Brewster,
chairman of the operators, before
entering the meeting of the operators'
scale committee.

It was understood that Secretary
Wilson's proposal to the miners and
operators yesterday was for an in-
crease of 27.12 cents a ton for coal
diggers and \$1.58 per day for
laborers. Some operators said this
was wholly unsatisfactory to them.

After the scale committee had ad-
journd operators would make no
formal statement but some of them
said privately they would go into ses-
sion late to-day with the miners' re-
presentatives with a definite policy.
John L. Lewis, acting president of
the United Mine Workers of Amer-
ica, would not discuss Mr. Wilson's
proposal, saying that it was agreed
that the happenings of the conference
at which Mr. Wilson made the offer,
to be regarded by both sides as con-
fidential.

ing Friday night discussed the or-
ganization of a savings and loan as-
sociation for the purpose of assist-
ing citizens of Gettysburg to build
and own their own homes.

While the idea advanced by several
members met with general approval it
was decided to secure more complete
details before taking any definite
action. The plan involves a housing
and thrift campaign for the purpose
of "providing relief from the pres-
ent housing shortage, to promote
thrift, to offer a splendid investment
on easy payments."

There is no doubting the fact that
Gettysburg needs more houses and
the Chamber believes that the growth
of the town industrially and as a
community will be seriously retarded
unless some progress is made to re-
lieve the present housing situation.
The plan considered by the Chamber
is now in successful operation in
Reading and is believed in that city
to be the greatest organization of its
kind for general stability that has
ever been attempted.

Declaring that the bond issue that
will be placed before the voters of
Gettysburg during the winter must
be passed, a committee was appoint-
ed to frame a resolution urging every
citizen who wants to see the town
progress to support the project to
the limit.

It was also decided to boost and
to do everything possible to help the
Children's Welfare Exhibit which is
to be held in Xavier Hall, December
2 to 6 under the auspices of the
Adams County Red Cross.

In an effort to encourage loyalty
to the town and to tell strangers of
the opportunities offered, the adver-
tising and publicity committee was
instructed to have attractive signs
and placards printed and posted in the
town and along the roads leading in-
to it.

Four new members were elected to
the Chamber as follows: Clyde D.
Berger, Gettysburg National Bank,
E. L. Strasbaugh and Samuel Robin-
son.

ago; "Give the Boy a Chance," E. V.
Heiges; "Future Plans of the Sunday
School," G. H. Knouse. A male

HIGH CELEBRATES GREATEST SEASON

Parade and Build Bonfire. Hun-
ter Elected Captain
For 1920.

The well-known and justly-famed
"Mr School Spirit" was out in all his
glory Friday night when a large ma-
jority of the student body of Gettys-
burg High School participated in a
parade held in honor of the football
team. The parade was led by the
High School band followed by the stu-
dents and the team on a truck. The
parade halted in the square and an
"individual yell" was given for each
man on the team. It then proceeded
out Baltimore street to the Play-
ground where an immense bon-fire
was lighted. Speeches were made by
each member of the team and Henry
Bream, a former High School football
star now performing in the same ca-
pacity for the College eleven. Cheer-
leader, Donald Weikert was the
master of ceremonies. The football
team will have some big times this
winter as everything from parades,
banquets, parties, up to football sou-
venir jewelry has been promised them.

The football season was officially
brought to a close Friday afternoon,
when the team had a meeting and
elected George Hunter, the star left
half back, captain for next year. Group
and individual pictures were
taken of the players and then the uni-
forms were handed in to Coach Rey-
nolds thus ending the last chapter of
the 1919 football season.

MEDICINE STORE OPENS

G. Ross Shuman, Now of Gettysburg,
is Manager.

With the opening of the Stephens
Medicine Store at 34 Baltimore street
to-day another improvement is added
to Gettysburg.

Contrary to reports first circulated
here the store is not a branch of any
Carlisle store but is controlled by G.
Ross Shuman, formerly of Harrisburg
and now a resident of Gettysburg.
W. C. Stephens, of Carlisle, is here
temporarily, however, until the busi-
ness gets underway.

Toilet preparations and candies are
included in the stock of the drug
company which also has the agency of
the United Cigar stores. A soda foun-
tain is expected to be opened soon af-
ter Christmas.

Donald Weiser, of Gettysburg, a
senior at High School, has been en-
gaged as clerk to assist Mr. Shuman.

No Breach Between Wilson and Hitch-
cock Says Tumulty.

(By Associated Press)

Washington, November 22—Sec-
retary Tumulty issued a statement to-
day emphasizing the fact that no
breach had occurred between Presi-
dent Wilson and Senator Hitchcock.
He characterized the latter's leader-
ship in the treaty fight as "masterly"
and "satisfactory to all friends of the
administration."

The secretary also denied that the
president was taking sides in any

DIPHTHERIA NOW RAGING IN STATE

Dr. Bruce McCreary Addressed
County Health Officers Fri-
day Afternoon.

EXPLAINED NEW LAWS

Diphtheria Contacts Must Take Im-
munizing Dose of Antitoxin. New
Stations Established.

Speaking before a meeting of nine
health officers of Adams county called
by Dr. C. G. Crist, Friday after-
noon in the State Dispensary on Bal-
timore street, Dr. Bruce McCreary,
of Shippensburg, former Lieutenant
Colonel in the United States Army
and now supervising medical inspec-
tor for Adams, Fulton, Cumberland
and Franklin counties, warned the
authorities to be on the lookout for
diphtheria cases as an epidemic which
has reached great proportions is rag-
ing in the State.

"There are now 1932 cases of diph-
theria in Pennsylvania," Dr. Mc-
Creary said, "and State officials are
greatly alarmed because it seems to
be spreading rapidly. Although there
is only one case in Adams county
Colonel Martin, head of the State De-
partment of Health, advises that
more stations where free antitoxin
can be distributed be established in
this section as a preparatory measure
in case of a serious outbreak."

Explanation of the new State health
laws regarding immunizing doses of
antitoxin that must be in cases where
anyone has had contact with a person
suffering with the disease was em-
phasized by the speaker and was the
main topic of discussion among the
local authorities after the meeting
for they realize there will objections
on the part of some and that they
will have to be especially watchful to
prevent violations of the act.

Dr. McCreary said that in a con-
ference with Colonel Martin during
the week, the chief had explained
that every case of diphtheria treat-

D'ANNUNZIO IS AGAIN RAMPANT

Is Determined to Annex Dalma-
tia And Attack
Montenegro.

(By Associated Press)

London, November 22—The situa-
tion in the Adriatic as a result of
Gabriele D'Annunzio's campaign has
reached a crisis. Private advices
leave no doubt that he is determined
to annex Dalmatia and attack Mon-
tenegro.

The Jugo-Slavs are stated to have
concentrated their troops and to be
prepared to resist aggression. An-
other report says there is a republi-
can underground being directed
against the Italian government ex-
isting among the D'Annunzio forces.

It is stated that further aggression
by D'Annunzio precipitated hostility
with the Jugo-Slavs, who, however,
it is declared, will direct an attack
against D'Annunzio and not against
the Italian government.

D'Annunzio, it appears, has been
led to further efforts by the fact that
the Italian elections were unfavorable
to his cause. Many adventurers are
flocking to his standards, the report
says, and among a certain element
there seems to be a desire to make
him president of Italy. Late reports
from Rome says the Military Party
favors the annexation of Dalmatia
and has brought such strong pres-
sure to bear upon the government
that the situation is delicate.

CITIZENS SPEAK AT BIGLERVILLE

Community Betterment Theme
of Parent-Teachers' Meet-
ing Friday Night.

Discussions tending toward the bet-
terment of the community of Biglerv-
ille were made by many prominent
citizens of that town at the most en-
thusiastic Home and School League
meeting of the year which took place
in the High School building on Fri-
day night.

Speaking on the subject, "Care of
the Teeth," Dr. M. T. Dill said that
milk teeth and the six year old
molars need the greatest amount of
attention. Only twenty per cent of
the people in the world visit dentists
to have their teeth inspected, said the
doctor, and thousands of others die
before they should on account of bad
teeth.

Mrs. E. D. Heighes, Professor H.
E. Swartz and Mrs. G. W. Koser
spoke about courtesy and emphasized
that children should have more re-
spect for older persons. W. H. Lady
said that courtesy was the foundation
of business and social success. M.
C. Thomas urged better conduct of
the Biglerville children in going to
and from school and stated that cour-
tesy often wins kindnesses. Miss
Eva Deardorff spoke briefly on the
same subject and then C. L. Long-
dorr defended the Biglerville child-
ren by saying he believed their con-
duct was as good, if not better, than
children in many other places.

John Seassly talked of system and
economy in the care of property and
said that wealth of a community de-
pends on such care to a large de-
gree.

Professor Swartz asked for the co-
operation of parents in sending their
children to school regularly and
pleaded for care and guidance in the
homes.

Piano solos by Maybelle Lady, and
Edna Ullrich, recitations by June
Bigham, Dale Miller and Marion
Baughner and a favorable report of the
Visiting Committee was also includ-
ed in the program of the evening.

CONFERENCE OPENS

Large Attendance Expected at Re-
formed Mass Meeting To-Night.

Owing to inclement weather only a
small group of persons attended the
opening session of the section con-
ference of the Reformed Church For-
ward Movement which took place in
Trinity Reformed church, High and
Stratton streets, this morning.

Rev. A. S. Dechant, of Hanover,
addressed his hearers on the subject,
"The Challenge of Our Times," and
"The Strengthening of our Educa-
tional Institutions and Ministerial
Support."

More persons turned out for the
afternoon session which commenced
at 1:45 o'clock but the largest audi-
ence of the entire conference is ex-
pected to-night when a mass meeting
attended by Reformed members from
all parts of the county will take
place.

HEALTH EXHIBIT AND BABY SHOW

Demonstration Will be Held in
Xavier Hall, December
2 to 6.

TO WEIGH ALL CHILDREN

Open Morning, Afternoon and Even-
ing. Lectures Tuesday and Thurs-
day Nights. No Admission.

As a part of the nation-wide cam-
paign in this country to improve the
physical condition of children a
Health Exhibit will be held in Xavier
Hall from December 2-6 under the
auspices of the Gettysburg chapter
of the American Red Cross.

Starting on Tuesday morning of
that week and continuing until Sat-
urday, every child in Gettysburg be-
longing to grade schools from the
first to eighth inclusive, will be tak-
en to Xavier Hall to be weighed and
measured by the Red Cross workers
under the supervision of the child's
teacher. High School students will
not be required to undergo the weigh-
ing and measuring process but can
avail themselves of the opportunity
if they desire. On Saturday morning
of that week any Gettysburg child
under six years of age will be
weighed if brought to the Health Ex-
hibit.

As the morning hours will be taken
up to a great extent by care of the
school children there will not be much
chance for visitors to be entertained
but in the afternoon the Health Ex-
hibit will be open to the general pub-
lic whom the committee earnestly
hopes will go to Xavier Hall in
great numbers in the afternoons and
evenings to inspect the work that
will be carried on.

Mrs. Elsie Singmaster Lewars is
chairman of the committee in charge
of the Health Exhibit which includes
Miss Anna Reck, Mrs. William
Hersh, Mrs. C. B. Stover, Miss
Helen Cope, Mr. and Mrs. W. Ray-
mond Shank, Mrs. H. T. Weaver,
Mrs. William Arch McLean, Mrs. H.
T. Cunningham, Mrs. Donald P. Mc-
Pherson and Miss Mary Himes.

Miss Bess McAllister, local rep-
resentative of the State Agriculture
Board, is making initial plans for the
Health Exhibit which include secur-
ing two trained nurses to aid in car-
ing for the children and arranging
for model lunches and meals which
will be prepared by the Domestic
Science pupils of the High School.

The Health Exhibit is not alone for
the children as the committee has
arranged for two lectures to be given
on Tuesday and Thursday nights by
Dr. Miller and Dr. Gans, of the
State Health Board.

There will be no admission charged
to the lectures or any other parts of
the Health Exhibit as the expenses
amounting to \$600 will be borne
jointly by State College and the state
health board.

MEET MOUNT ST. MARY'S

College Plays Second Home Game of
Year This Afternoon.

Five new faces will appear in the
Gettysburg College line-up when the
team opposes Mount St. Mary's on
Nixon Field, this afternoon at 2:30
o'clock. Davis, the diminutive quar-
terback who started against State Col-
lege, McDowell, Weigle and Bright
will in all probability be the choice of
Coach Wood to play against the light
but hard fighting mountaineer team.

Victor Emanuel, star right end,
will not start a game for the first
time in his college course as the
coaches want to see Shetter and Kyle
in action.

The object of the change is to give
an opportunity to capable substitutes
who may develop into regulars next
year.

As far as the Varsity backfield of
Moyer, Houtz, Phillips and Bream is
concerned all they hope for is an op-
portunity to battle Franklin and Mar-
shall at Lancaster on Thanksgiving
Day in order to avenge the Bucknell
defeat.

ONLY SERVED TO WIDEN BREACH

Operators Not Satisfied With
Proposal of Secretary
Wilson.

TERMS ARE CONFIDENTIAL

Operators Make No Formal State-
ment. Last Few Words Will be
Said Soon, Declares Brewster.

(By Associated Press)

Washington, November 22—Bi-
tuminous coal operators in the cen-
tral competitive field declared to-
day that Secretary Wilson's proposal
to the joint wage scale committee
yesterday only served to widen the
breach between the operators and
miners.

"There are only a few more words
to say and they will be said very
soon," declared Thomas Brewster,
chairman of the operators, before
entering the meeting of the operators
scale committee.

It was understood that Secretary
Wilson's proposal to the miners and
operators yesterday was for an in-
crease of 27.12 cents a ton for coal
diggers and \$1.58 per day for day
laborers. Some operators said this
was wholly unsatisfactory to them.

After the scale committee had ad-
journed operators would make no
formal statement but some of them
said privately they would go into ses-
sion late to-day with the miners' re-
presentatives with a definite policy.
John L. Lewis, acting president of
the United Mine Workers of Ameri-
ca, would not discuss Mr. Wilson's
proposal, saying that it was agreed
that the happenings of the conference
at which Mr. Wilson made the offer,
to be regarded by both sides as confi-
dential.

A Leave of Absence

By MYRTLE LEE BARROWS

(Copyright, 1919, by the Western Newspaper Union.)

"Wanted by the chief," announced the manager of Porter & Co., whole-salers of coffees and spices, and Egbert Clyne repaired to the private office of the senior partner to find there Mr. Porter, his lawyer and the family physician.

Clyne looked puzzled and concerned.

"An indefinite leave," put in the physician, "backed by my certificate that a vacation rest would be beneficial."

"Perhaps I had better explain," interposed the attorney. "It is necessary to the interest of Porter & Co. that you disappear for a time. As head bookkeeper of the house you would probably be subpoenaed in court next week in an important case. It covers a transaction ten years old an invalid claim, but the records of our books show that it has its merits. On the contrary the same was settled verbatim long ago, only the person who was a witness to the settlement cannot be found."

"To simplify things let me explain further," said Mr. Porter. "It was a bookkeeper we had whose evidence would prove the settlement. He was a trusted employee, inherited some means and, with his motherless child, then ten years of age, left our service. We never kept track of him and now that we desperately need his testimony we cannot locate him."

"You see," the lawyer again spoke, "we want to gain a delay. If you cannot be served they will have to await your return to bring our books into court. The delay will give us a chance to try and locate our old bookkeeper—at least, negotiate a compromise settlement."

"So go and forget business cares, with salary and expenses entirely off your mind," directed Mr. Porter.

It was a peculiar situation, but Egbert Clyne asked no further questions. "Lose yourself," were Mr. Porter's final words, "so the court officers can't serve that subpoena."

Clyne had no definite plans in mind, but after consulting a book devoted to advertising summer resorts he selected a remote one. He found Bear Lake well suited to his ideas, wrote to Mr. Porter and set about awaiting orders and enjoying himself.

Bear Lake village was the center of a group of half a dozen bodies of water and Clyne took in the entire chain as the days went by. It was well on towards dusk one evening and he was fully ten miles from home. He had left a little hamlet known as Point Hope on his return trip. The sky had clouded and a stiff northeaster was rousing the waters when, coming within view of an island about mid-lake, he plied the oars with diligence as a small sailboat he had noticed was struck by a sudden squall and overturned. Clyne fancied that a shriek in feminine accents was borne to his hearing. He bent to the oars prodigiously, arose to his feet and plunged boldly into the water as he made out a girlish figure clinging to the upturned boat. Apparently exhausted, she let go her clasp, sank, reappeared and Clyne gained her side just as she was sinking again. He managed to sustain her, reached his drifting boat and lifted her into it. Upon the island he made out a house and he drove his skiff ashore. A white-haired old man came rushing to the spot.

At the moment the girl revived. Her father and Clyne assisted her to a little cottage, set in a nest of verdure and flowers. When the old man had seen his daughter to her room he insisted that Clyne should get on dry clothes and remain their guest until the storm had subsided.

That was a charming evening for the young man, in the company of John Brice and his daughter, Luella. He learned enough to know that they had lived on the island for a number of years, seeking peace and quiet amid the beauties of nature. Books, music, a modest literary ambition on the part of Mr. Brice and an amateur impulse of art on the part of Luella alleviated any possible tedium of their hermit life. They insisted that Clyne remain all the next morning and, after a refreshing sleep in which all his dreams were of the charming girl he had met, Clyne awoke, found his own clothes dried and pressed and started in to make himself presentable. He scanned twice in some amazement a framed yellowed photograph on the wall. It was a front view picture of the business establishment of Porter & Co.

"Ah! already?" hailed Mr. Brice, passing the open doorway. "Time for a constitutional before breakfast, if it suits you."

"Surely," responded Clyne, "that picture is familiar to me."

"Indeed! It's that of an establishment where I was bookkeeper for nearly twelve years."

"Then my meeting you will be of immense importance to Porter & Co." It was so important and valued that, after the evidence of the old bookkeeper had been given in court, Mr. Porter presented Brice and Clyne each with a check for five thousand dollars.

And six months later, when Clyne led Luella to the altar, among the wedding presents was a diamond necklace from Mr. Porter fit for a princess.

It is ever to be kept in mind that not by material but by mortal power, are men and their actions governed.

—Clyne.

CHESTER A. LEAS

LAST EFFORT TO CONCILIATE

Secretary Wilson Again to the Front to Avert Impending Deadlock.

WAGE PROPOSAL MADE

Miners Want Forty Per Cent Increase. May Compromise at Thirty One. Abandon 30-Hour Week.

Washington, Nov. 22—Secretary of Labor Wilson stepped to the front again last night in an effort to bring miners and operators together after a proposal by each side had been rejected and the slate wiped clean.

Mr. Wilson is said to have formally presented a definite proposal for settlement of wage disputes which would send bituminous miners back to work before the country was in the throes of a coal famine, but its nature was not disclosed. It was generally believed he suggested a wage increase of about 31 per cent.

Both sides united in asking him to join the joint sub-committee after the miners had definitely rejected a 20 per cent wage advance and the operators had finally refused to agree to a counter proposal from the workers for a 40 per cent increase, a seven-hour day, and six-day week with half holiday on Saturday.

When the conference adjourned after a six-hour session, Thomas T. Brewster, chairman of the operators, declared that their offer had been withdrawn and that the slate was now clean.

Wilson Reports Progress

Secretary Wilson said that progress had been made and that he would meet the sub-committee again this afternoon.

Comparative data on increases in the cost of living and wage advances to miners since 1914, was submitted by Mr. Wilson, who declined to make public his proposition. It was said he proposed an increase of approximately 31 per cent the difference between the cost of living and wage increase figures announced by the secretary at the opening of the conference last week.

An ultimatum served by the operators that their offer presented the maximum was reaffirmed last night by Mr. Brewster, who declared it could not be increased unless "the government says we should do it."

When the conference failed to agree on either side's propositions, the operators suggested referring the dispute to arbitration, but the miners objected. The operators proposed a tribunal of nine members to be chosen in one or three different ways: Each side to pick four members and the eighth to select the umpire; each side to name four and the President of the United States the ninth; or each side to name three and the other three to be chosen by the President.

Both Yield Some

The counter proposition from the miners, scaling down their earlier demands, was submitted by John L. Lewis, acting president of the United Mine Workers, after he had conferred with Secretary Wilson. Mr. Lewis stated that the new demand for a 40 per cent wage advance for all sorts of work represented the "margin" between the wage increases received by the miners since 1914 and the jump taken by living costs.

The mine workers also insisted that all local differences not covered by interstate agreement be referred back to the districts in which they originated for settlement.

MURDERER APPREHENDED

Police Get Man Wanted Since February 1918.

(By Associated Press)

Philadelphia, Nov. 22—Elmer Lewis, wanted for murder committed in February 1918, of William Bunnell in a political club in custody here today. He was virtually kidnapped from Chicago where he was arrested. Lewis, known to the police as "Kid" Lewis and alleged to have a criminal record, resisted his removal from Chicago so forcibly that it was necessary to shackle him for the journey. After the murder he fled from Philadelphia. It was learned he drifted to Chicago where he opened a saloon, became prosperous and bought two garages. The police learned that Lewis was arrested in Chicago as the head of a band of automobile thieves. Several stolen cars were found in his garage. Detectives from Philadelphia arrested Lewis in the Cook county jail as he was about to be released on \$5,000 bail.

LONG LOST CHILD WAS MURDERED

Skeleton of "Billy" Dansey in Woods Three Miles From Home.

Hammonton, N. J., Nov. 22—"Billy" Dansey is dead. The 3-year-old boy who disappeared from his parents' home near here on the afternoon of October 8, in all probability was murdered by the person or persons who enticed him away. His skeleton was found shortly after 3 o'clock Friday afternoon deep in the woods about three miles away, in the direction of Elwood, and scattered all around, covering a radius of 50 feet, were the clothes that he had worn when he dropped from sight.

The ghastly discovery was made by George Eckhardt, a neighbor of the child's heart-broken parents, while gunning. Hurrying back to Hammonton, he notified Coroner and Mayor-elect Charles D. Cunningham, and, with several other citizens, they hurried to the scene. A single glance was enough to show that "Billy" had been the victim of foul play. Long exposure of the elements had made identification of the body impossible, but neighbors quickly identified the clothing as that worn by little "Billy" on the day of his disappearance.

Won't Let Mother See Body

Upon hearing of the discovery of the body Mrs. Stella Dansey, the mother, whose courage and fortitude during the ordeal had inspired the admiration of the investigators, demanded permission to see it, but this was denied by the coroner. The father, however, Hercules Dansey, was permitted to view the body upon condition that he should not touch it or the pieces of clothing that had been found.

Prosecutor Gaskill, in Atlantic City, piecing together his former knowledge of the case with a fragmentary account of the discovery of the body, expressed the opinion that the child had been lured to an obscure thicket and attacked.

That conclusion is substantiated by the fact that to have wandered to the spot where the body was found the child would have had to pass through several gardens and flower patches in which men and women are constantly at work during the day.

WILSON REVIVES FOOD CONTROL

Sugar Shortage Makes Presidential Proclamation Imperative, He Says.

PLANS ALL WORKED OUT

With Supply Almost Exhausted Price Fixing is First Step to be Taken by Authorities.

Washington, Nov. 22—In an effort to meet the situation resulting from the present acute shortage of sugar, President Wilson Friday revived the wartime power of the federal government over the nation's food supply.

In a proclamation the President transferred to Attorney General Palmer the broad authority exercised by Food Administrator Hoover during the war. While it is Mr. Palmer's present intention to exercise this authority only so far as sugar is concerned, he is prepared to use it to meet any similar situations affecting other food supplies which might arise.

Among the first acts of the Department of Justice, it is understood, will be the establishment of a price of 12 cents a pound wholesale for all sugar, except the Louisiana crop, the price of which already has been fixed at 17 cents. The increase of price was said to be necessary to prevent a famine during the early part of next year.

Sharp curtailment of sugar consumption by candy and soft-drink manufacturers also will be ordered, as officials declare the present shortage is due in a measure to the increased consumption of candy and soft-drinks, which has followed the enforcement of prohibition. Details as to this curtailment remain to be worked out.

Margin of Profit

While the margin between the wholesale and retail price of sugar has not yet been determined, officials are known to have tentatively considered 1.54 cents, making the retail price approximately 14 cents a pound. This, however, is subject to change, depending upon a variety of conditions.

Howard Figg, assistant to the attorney general in charge of food sales distribution, has worked out plans for carrying out the drastic regulations proposed, as soon as approval has been had by the several government agencies which it will be necessary to consult.

Clothed with their new authority, department officials will sign an agreement with the beet and cane sugar refineries whereby the latter are to go into the Cuban market and purchase all available stocks. The supply of Cuban sugar in its raw state is estimated at 4,000,000 tons.

Beet sugar refineries already have tentatively assented to the plan, it was learned, upon assurances that a higher price than now prevails would be established. Cane sugar dealers will be called into conference at an early date. The also are understood to favor the arrangement providing the price is raised, as is planned, so that they will not be involved in heavy losses which they say would result from buying Cuban sugar at the present prices in Cuba and selling at 10½ cents, the present price in the United States.

Distribution Plans

A sugar distribution committee also will be set up by the Department of Justice. It will sit constantly and will have entire charge of the allocation of stocks. Refiners who enter into the agreement will be compelled to sell their supplies through this committee. Otherwise their transactions will not be materially restricted, it is said. Officials believe this plan will eliminate the possibility of a concentration of stocks at any point as well as prevent hoarding.

PRINCE PRAISES AMERICAN SPIRIT

Gives Farewell Address at Dinner of Pilgrims. Good Will the Boundary Line.

New York, Nov. 22—The Prince of Wales attended the Pilgrims dinner last night wearing the uniform of a captain of the British Navy. More than 1,000 guests were present. His appearance occasioned tumultuous applause. After the excitement had subsided, Rt. Rev. Charles Sumner Burch, Protestant Episcopal Bishop of New York, said grace. Chauncey M. Dewey, president of the Pilgrims' Society, was toastmaster.

"There are two things which I should like to say before leaving the United States," the Prince said, "and particularly to a gathering like this tonight. I have already alluded when addressing other New York gatherings to the important part played by the United States in the great war, but I have never properly expressed British admiration for the promptness with which the American nation adopted compulsory enlistment for the emergency. That made the whole world feel that the weight of this great nation would be thrown into the balance with the utmost rapidity—as indeed it was.

Made Deep Impression

"There is yet another form of your war service to which I have never alluded before—a very remarkable form which made a deep impression on the peoples of the British Empire. I refer to the whole-hearted way in which the American nation accepted voluntary rationing in food and fuel. You all made a splendid response in this respect to the national appeal issued by Mr. Hoover, by whose devotion and organizing power so much suffering and want have been alleviated in the countries hardest hit by the war. That act alone shows with what spirit the American nation can throw itself into a great cause."

DIPHTHERIA NOW RAGING IN STATE

(Continued from First Page)

ed in time would result in the recovery of the patient. He corrected the popular impression regarding antitoxin by saying the inoculations were perfectly safe as has been proved in thousands of instances while on the other hand one out of five cases not treated die of the disease. It has positively little or no effect on the heart, he asserted.

In discussing the new law, he said all contacts must be given the immunizing dose. If they refuse they will be held in their homes for twenty-one days under observation. These doses, he said, may be given by the family doctor or by one authorized by the State Department and are free of charge. This law applies to all schools, both rural and city.

Those who were present at this enthusiastic meeting which is the first of many which are to follow at two months intervals were:

Dr. C. G. Crist, Gettysburg, county medical inspector; H. V. Rahm, Berwick township; James Bell, Straban township; John Delp, Latimore township; Daniel Mummert, East Berlin; John Deatrick, Biglerville; James Kohl, Buchanan Valley; Joseph Gouker, Littlestown, and Harry Pecher, Fairfield.

At the conclusion of the address by Dr. McCreary, a round table session ensued at which time the various health officers reported on the conditions as they exist in their particular district. The trials and tribulations of a health officer formed the main theme for many of the remarks.

Taking the first step in the preparedness movement to combat the diphtheria outbreak, Dr. Crist announced that he had established two new antitoxin stations, one at the office of Dr. T. C. Miller, Abbottstown, the other with Dr. Albert Woerner, Cashtown. He also told the health officers where the other free antitoxin dispensaries were located as follows: People's Drug Store, Gettysburg; Stonersville Drug Store, Littlestown; Miller's Drug Store, New Oxford; Dr. William Wolf, Arendtsville, and Dr. Cashman, York Springs.

IN MEMORIAM

In loving remembrance of our son and brother, Ira E. Lady, who died in France, Nov. 22, 1918, from wounds received in action.

He has solved it, life's wonderful problem,
The deepest, the strangest, the last;
And into the school of the angels
With the answer forever has passed.

How strange that in spite of our questions,
He maketh no answer, nor tells
Why so soon were life's honoring laurels
Dispelled by God's immortelles!

How strange he should sleep so profoundly,
So young, so unsworn by the strife;
While beside him, brimful of earth's nectar,
Untouched, stood the goblet of life!

Men sleep like that, when the evening of a long, dreary day droppeth down,
But he wrought so well that the morning
Brought for him the rest and the crown!

God knew all about it, how noble,
How gentle he was, and how brave,
How bright his possible future;
Yet put him to sleep in the grave.

So right in the darkness, he thankful;
One day we will say, 'Tis well;
God took from his brow earthly laurels,
And crowned him with death's immortelles.

By the family.

LAST EFFORT TO CONCILIATE

Secretary Wilson, Again, to the Front to Avert Impending Deadlock.

WAGE PROPOSAL MADE

Miners Want Forty Per Cent Increase. May Compromise at Thirty One. Abandon 30-Hour Week.

Washington, Nov. 22—Secretary of Labor Wilson stepped to the front again last night in an effort to bring miners and operators together after a proposal by each side had been rejected and the slate wiped clean.

Mr. Wilson is said to have formally presented a definite proposal for settlement of wage disputes which would send bituminous miners back to work before the country was in the throes of a coal famine, but its nature was not disclosed. It was generally believed he suggested a wage increase of about 31 per cent.

Both sides united in asking him to join the joint sub-scale committee after the miners had definitely rejected a 20 per cent wage advance and the operators had finally refused to agree to a counter proposal from the workers for a 40 per cent increase, a seven-hour day, and six-day week with half holiday on Saturday.

When the conference adjourned after a six-hour session, Thomas T. Brewster, chairman of the operators, declared that their offer had been withdrawn and that the slate was now clean.

Wilson Reports Progress

Secretary Wilson said that progress had been made and that he would meet the sub-committee again this afternoon.

Comparative data on increases in the cost of living and wage advances to miners since 1914, was submitted by Mr. Wilson, who declined to make public his proposition. It was said he proposed an increase of approximately 31 per cent the difference between the cost of living and wage increase figures announced by the secretary at the opening of the conference last week.

An ultimatum served by the operators that their offer presented the maximum was reaffirmed last night by Mr. Brewster, who declared it could not be increased unless "the government says we should do it."

When the conference failed to agree on either side's propositions, the operators suggested referring the dispute to arbitration, but the miners objected. The operators proposed a tribunal of nine members to be chosen in one or three different ways: Each side to pick four members and the eighth to select the umpire; each side to name four and the President of the United States the ninth; or each side to name three and the other three to be chosen by the President.

Both Yield Some

The counter proposition from the miners, scaling down their earlier demands, was submitted by John L. Lewis, acting president of the United Mine Workers, after he had conferred with Secretary Wilson. Mr. Lewis stated that the new demand for a 40 per cent wage advance for all sorts of work represented the "margin" between the wage increases received by the miners since 1914 and the jump taken by living costs.

The mine workers also insisted that all local differences not covered by interstate agreement be referred back to the districts in which they originated for settlement.

MURDERER APPREHENDED

Police Get Man Wanted Since February 1918.

(By Associated Press)

Philadelphia, Nov. 22—Elmer Lewis, wanted for murder committed in February 1918, of William Bunnell in a political club is in custody here today. He was virtually kidnapped from Chicago where he was arrested.

Lewis, known to the police as "Kid" Lewis and alleged to have a criminal record, resisted his removal in Chicago so forcibly that it was necessary to shackle him for the journey. After the murder he fled from Philadelphia. It was learned he drifted to Chicago where he opened a saloon, became prosperous and bought two garages. The police learned that Lewis was arrested in Chicago as the head of a band of automobile thieves. Several stolen cars were found in his garage. Detectives from Philadelphia arrested Lewis in the Cook county jail as he was about to be released on \$5,000 bail.

LONG LOST CHILD WAS MURDERED

Skeleton of "Billy" Dansey in Woods Three Miles From Home.

Hammon, N. J., Nov. 22—"Billy" Dansey is dead. The 3-year-old boy who disappeared from his parents' home near here on the afternoon of October 8, in all probability was murdered by the person or persons who enticed him away. His skeleton was found shortly after 3 o'clock Friday afternoon deep in the woods about three miles away, in the direction of Elwood, and scattered all around, covering a radius of 50 feet, were the clothes that he had worn when he dropped from sight.

The ghastly discovery was made by George Eckhardt, a neighbor of the child's heart-broken parents, while gunning. Hurrying back to Hammon, he notified Coroner and Mayor-elect Charles D. Cunningham, and, with several other citizens, they hurried to the scene. A single glance was enough to show that "Billy" had been the victim of foul play. Long exposure of the elements had made identification of the body impossible, but neighbors quickly identified the clothing as that worn by little "Billy" on the day of his disappearance.

Won't Let Mother See Body

Upon hearing of the discovery of the body Mrs. Stella Dansey, the mother, whose courage and fortitude during the ordeal had inspired the admiration of the investigators, demanded permission to see it, but this was denied by the coroner. The father, however, Hercules Dansey, was permitted to view the body upon condition that he should not touch it or the pieces of clothing that had been found.

Prosecutor Gaskill, in Atlantic City, piecing together his former knowledge of the case with a fragmentary account of the discovery of the body, expressed the opinion that the child had been lured to an obscure thicket and attacked.

That conclusion is substantiated by the fact that to have wandered to the spot where the body was found the child would have had to pass through several gardens and flower patches in which men and women are constantly at work during the day.

WILSON REVIVES FOOD CONTROL

Sugar Shortage Makes Presidential Proclamation Imperative, He Says.

PLANS ALL WORKED OUT

With Supply Almost Exhausted Price Fixing is First Step to be Taken by Authorities.

Washington, Nov. 22—In an effort to meet the situation resulting from the present acute shortage of sugar, President Wilson Friday revived the wartime power of the federal government over the nation's food supply.

In a proclamation the President transferred to Attorney General Palmer the broad authority exercised by Food Administrator Hoover during the war. While it is Mr. Palmer's present intention to exercise this authority only so far as sugar is concerned, he is prepared to use it to meet any similar situations affecting other food supplies which might arise.

Among the first acts of the Department of Justice, it is understood, will be the establishment of a price of 12 cents a pound wholesale for all sugar, except the Louisiana crop, the price of which already has been fixed at 17 cents. The increase of price was said to be necessary to prevent a famine during the early part of next year.

Sharp curtailment of sugar consumption by candy and soft-drink manufacturers also will be ordered, as officials declare the present shortage is due in a measure to the increased consumption of candy and soft-drinks, which has followed the enforcement of prohibition. Details as to this curtailment remain to be worked out.

Margin of Profit

While the margin between the wholesale and retail price of sugar has not yet been determined, officials are known to have tentatively considered 1.54 cents, making the retail price approximately 14 cents a pound. This, however, is subject to change, depending upon a variety of conditions.

Howard Figg, assistant to the attorney general in charge of food sales distribution, has worked out plans for carrying out the drastic regulations proposed, as soon as approval has been had by the several government agencies which it will be necessary to consult.

Clothed with their new authority, department officials will sign an agreement with the beet and cane sugar refineries whereby the latter are to go into the Cuban market and purchase all available stocks. The supply of Cuban sugar in its raw state is estimated at 4,000,000 tons.

Beet sugar refineries already have tentatively assented to the plan, it was learned, upon assurances that a higher price than now prevails would be established. Cane sugar dealers will be called into conference at an early date. The also are understood to favor the arrangement providing the price is raised, as is planned, so that they will not be involved in heavy losses which they say would result from buying Cuban sugar at the present prices in Cuba and selling at 10 1/2 cents, the present price in the United States.

Distribution Plans

A sugar distribution committee also will be set up by the Department of Justice. It will sit constantly and will have entire charge of the allocation of stocks. Refiners who enter into the agreement will be compelled to sell their supplies through this committee. Otherwise their transactions will not be materially restricted, it is said. Officials believe this plan will eliminate the possibility of a concentration of stocks at any point as well as prevent hoarding.

PRINCE PRAISES AMERICAN SPIRIT

Gives Farewell Address at Dinner of Pilgrims. Good Will the Boundary Line.

New York, Nov. 22—The Prince of Wales attended the Pilgrims dinner last night wearing the uniform of a captain of the British Navy. More than 1,000 guests were present. His appearance occasioned tumultuous applause. After the excitement had subsided, Rt. Rev. Charles Sumner Burch, Protestant Episcopal Bishop of New York, said grace. Chauncey M. Depew, president of the Pilgrims' Society, was toastmaster.

"There are two things which I should like to say before leaving the United States," the Prince said, "and particularly to a gathering like this tonight. I have already alluded when addressing other New York gatherings to the important part played by the United States in the great war, but I have never properly expressed British admiration for the promptness with which the American nation adopted compulsory enlistment for the emergency. That made the whole world feel that the weight of this great nation would be thrown into the balance with the utmost rapidity—as indeed it was.

Made Deep Impression

"There is yet another form of your war service to which I have never alluded before—a very remarkable form which made a deep impression on the peoples of the British Empire. I refer to the whole-hearted way in which the American nation accepted voluntary rationing in food and fuel. You all made a splendid response in this respect to the national appeal issued by Mr. Hoover, by whose devotion and organizing power so much suffering and want have been alleviated in the countries hardest hit by the war. That act alone shows with what spirit the American nation can throw itself into a great cause."

DIPHTHERIA NOW RAGING IN STATE

ed in time would result in the recovery of the patient. He corrected the popular impression regarding antitoxin by saying the inoculations were perfectly safe as has been proved in thousands of instances while on the other hand one out of five cases not treated die of the disease. It has positively little or no effect on the heart, he asserted.

In discussing the new law, he said all contacts must be given the immunizing dose. If they refuse they will be held in their homes for twenty one days under observation. These doses, he said, may be given by the family doctor or by one authorized by the State Department and are free of charge. This law applies to all schools, both rural and city.

Those who were present at this enthusiastic meeting which is the first of many which are to follow at two months intervals were:

Dr. C. G. Crist, Gettysburg, county medical inspector; H. V. Rahn, Berwick township; James Bell, Straban township; John Delp, Latimore township; Daniel Mummet, East Berlin; John Deatrick, Biglerville; James Kohl, Buchanan Valley; Joseph Gouker, Littlestown, and Harry Pecher, Fairfield.

At the conclusion of the address by Dr. McCreary, a round table session ensued at which time the various health officers reported on the conditions as they exist in their particular district. The trials and tribulations of a health officer formed the main theme for many of the remarks.

Taking the first step in the preparedness movement to combat the diphtheria outbreak, Dr. Crist announced that he had established two new antitoxin stations, one at the office of Dr. T. C. Miller, Abbottstown, the other with Dr. Albert Woerner, Cashtown. He also told the health officers where the other free antitoxin dispensaries were located as follows: People's Drug Store, Gettysburg; Stonesifer's Drug Store, Littlestown; Miller's Drug Store, New Oxford; Dr. William Wolf, Arendtsville, and Dr. Cashman, York Springs.

IN MEMORIAM

In loving remembrance of our son and brother, Ira E. Lady, who died in France, Nov. 22, 1918, from wounds received in action.

He has solved it, life's wonderful problem, The deepest, the strangest, the last; And into the school of the angels With the answer forever has passed.

How strange that in spite of our questions, He maketh no answer, nor tells Why so soon were life's honoring laurels Dispelled by God's immortelles!

How strange he should sleep so profoundly, So young, so unworn by the strife; While beside him, brimful of earth's nectar, Untouched, stood the goblet of life!

Men sleep like that, when the evening of a long, dreary day droppeth down, But he wrought so well that the morning Brought for him the rest and the crown!

God knew all about it, how noble, How gentle he was, and how brave, How bright his possible future; Yet put him to sleep in the grave.

So right in the darkness, be thankful; One day we will say, 'Tis well; God took from his brow earthly laurels, And crowned him with death's immortelles.

It is made to depend upon.

It is the same type of battery that provided undersea power for Uncle Sam's submarines in the war with Germany; the same type of battery that the United States Government has long used for its army and navy; the same type of battery that is used in the majority of farm electric-lighting plants.

It is the battery that is right, not in one prominent detail, but in every detail.

In city, suburb and country the "Exide" Battery has proved its right to first consideration—proved it by its ability to consistently "live up to its job."

There is an "Exide" of proper size and type for every automobile, truck and tractor now in use.

The annual contest between these institutions have become a fixture on both schedules, being played alternately at Carlisle and Lewisburg on Turkey Day.

COUNTY DOCTORS PLEDGE SUPPORT

(Continued from First Page)

Annie M. Warner hospital with their utmost energies and do all in their power to speed up raising funds.

"I do not doubt in the least, that the Annie M. Warner hospital campaign will ultimately be a success," said one of the physicians, "but it is decidedly imperative that the drive be speeded up. Every physician can be a potent power in his community to stir up public sentiment in favor of the Annie M. Warner hospital endowment fund."

Judging from statements made by some of the physicians there are many prospective subscribers in Adams county who believe the Annie M. Warner hospital is the personal property of John M. Warner and merely lent to the people of the county. "The hospital is the outright gift of Mr. Warner to the people of the county," said one of the doctors emphatically. "The name Annie M. Warner was given at the request of its donor."

Although there is little general discussion of the hospital drive the committee states that work is being done quietly in many sections of the county and that the fund is increasing slowly. The northern end of the county, however, has not been canvassed at all and the fruit growers and farmers of that section are expected to swell greatly the total amount of subscriptions which have been received.

The Value Of Hogs As Compared With Cattle

For each four to five pounds of dry matter fed a hog, he makes a gain of one pound in weight. Beef requires ten to twelve pounds of dry matter for each pound gained.

A fat hog yields about 80 per cent of his live weight as dressed carcass. A fat steer dresses about 60 per cent of his live weight.

Breed a good beef to-day and a year from now she will have to her credit at best a 300 pound calf. Breed a good brood sow to-day and a year from to-day she will have three-quarters of a ton of finished pork. If she is bred a second time she will also have to her credit at the end of the year six to ten pigs, such as we roast for Thanksgiving.

Now then let's compare the value of live stock conditioners. You yourself are to be the judge. I don't care what other kind of conditioner you may select. If you find that Dr. Hudson's Liquid Conditioner is not the best you have ever used and as dependable in results, you get "Your Money Back If You Are Not Satisfied." The wise farmer knows its value. Sold in bulk in your own containers, at our office only, for the big sum of 25 cents per pint. Think this over.

THE new Three-Point Cantilever Springs of Overland 4, by their special construction and design, protect car and passengers from ordinary road jolts. Bumping, twisting, swaying and vibrating are wonderfully lessened. The blows of the road seldom reach you. There is less tendency to bodily fatigue after long rides.

The springs of Overland 4 attached at the ends of a 130-inch Springbase give the riding comfort and road steadiness heretofore possible only with cars of long wheelbase and great weight, yet Overland 4 retains the light weight and economy advantages of 100-inch wheelbase.

Three-Point Cantilever Springs protect the car from the hammering and wear of road blows. They lengthen its life and reduce upkeep costs.

Equipment of Overland 4 is dependable and complete from Auto-Lite Starting and Lighting to Tillotson Carburetor.

COUNTY DOCTORS PLEDGE SUPPORT

(Continued from First Page)

Annie M. Warner hospital with their utmost energies and do all in their power to speed up raising funds. "I do not doubt in the least, that the Annie M. Warner hospital campaign will ultimately be a success," said one of the physicians, "but it is decidedly imperative that the drive be speeded up. Every physician can be a potent power in his community to stir up public sentiment in favor of the Annie M. Warner hospital endowment fund."

Judging from statements made by some of the physicians there are many prospective subscribers in Adams county who believe the Annie M. Warner hospital is the personal property of John M. Warner and merely lent to the people of the county. "The hospital is the outright gift of Mr. Warner to the people of the county," said one of the doctors emphatically. "The name Annie M. Warner was given at the request of its donor."

Although there is little general discussion of the hospital drive the committee states that work is being done quietly in many sections of the county and that the fund is increasing slowly. The northern end of the county, however, has not been canvassed at all and the fruit growers and farmers of that section are expected to swell greatly the total amount of subscriptions which have been received.

The Value Of Hogs As Compared With Cattle

For each four to five pounds of dry matter fed a hog, he makes a gain of one pound in weight. Beef requires ten to twelve pounds of dry matter for each pound gained.

A fat hog yields about 80 per cent of his live weight as dressed carcass. A fat steer dresses about 60 per cent of his live weight.

Breed a good beef to-day and a year from now she will have to her credit at best a 300 pound calf. Breed a good brood sow to-day and a year from to-day she will have three-quarters of a ton of finished pork. If she is bred a second time she will also have to her credit at the end of the year six to ten pigs, such as we roast for Thanksgiving.

Now then let's compare the value of live stock conditioners. You yourself are to be the judge. I don't care what other kind of conditioner you may select. If you find that Dr. Hudson's Liquid Conditioner is not the best you have ever used and as dependable in results, you get "Your Money Back If You Are Not Satisfied." The wise farmer knows its value. Sold in bulk in your own containers, at our office only, for the big sum of 25 cents per pint. Think this over.

RECEIVED EWES FROM ENGLAND

Will be Added to the Stock at the Marsh Creek Farms, Freedom Township.

Twelve Hampshiredown ewes costing over \$2500 arrived in Gettysburg from England on Friday afternoon to be added to the flock of the Marsh Creek Stock Farms in Freedom township, owned by C. P. and M. W. Bigham.

These sheep come from the premium flock of England and it is said they possess as fine blood as any in the world. They are flock mates of the first prize winners at the Royal Show in England, which is known to be the greatest sheep show in the world. They bred at the Pendley Manor Stock Farm in England and should prove a valuable asset to the ewe stock in this country.

Messrs. Bigham secured the animals for their stock farm through the Walnut Hall Stock Farm of Lexington, Kentucky, where the imported sheep have been since their arrival in this country last August.

With the addition of the twelve Hampshire yearling ewes the number of sheep at the Marsh Creek Stock Farm amounts to nearly three hundred.
